CHRISTMAS IN JULY UPDATE

IMMUNIZATION AWARENESS

Welcome Our New Medical Director: Dr. Kenya Hanspard!

We are excited to welcome Dr. Kenya Hanspard as the newest member of our team. Dr. Kenya is now our facility's Medical Director, bringing a wealth of knowledge, energy and experience that will greatly benefit our residents and staff. Letters were sent out in June to inform families and loved ones of this important change. Please join us in extending a warm welcome to Dr. Kenya!

Rehabilitation Success Story

We are pleased to share a recent success story from our Rehab Department. Resident DC was admitted for short term rehab following a fall at home where she sustained a serious shoulder injury. At the time of her admission, she required total care and was dependent for all mobility. She participated in PT, OT, and SLP daily for three weeks and had tremendous improvement over the course of her admission. At time of her discharge home, she had regained her independence and mobility. This achievement reflects the hard work of both our residents and our skilled rehab staff. Keep up the great work!
