## Administrator's Corner

Dear Residents, Families, and Staff,

As we welcome the month of September, I want to take a moment to express my gratitude to all of you for your continued support and dedication to our community here at Benjamin Healthcare Center. This month marks a time of reflection and renewal as we transition from summer into fall, and it's a perfect opportunity to recommit ourselves to providing the best possible care and environment for our residents.

To our families, thank you for entrusting us with the care of your loved ones.

Your partnership and involvement are essential to our mission of creating a warm, supportive atmosphere.

To our staff, your hard work and dedication do not go unnoticed. You are the heart of this facility, and your efforts make a real difference in the lives of those we serve.

And to our residents, we continue to be inspired by your resilience and strength. Our goal remains to provide you with the highest quality of care, comfort, and a sense of home.

This month, we're excited to share some new activities and events that will foster community spirit, and we look forward to seeing you there! Let's embrace the changes this season brings with open hearts and minds.

Wishing you all a wonderful September!

# Special Visit By Congresswoman Ayana Pressley

We are pleased to share that Congresswoman Ayanna Pressley visited Benjamin Healthcare Center on August 27, 2024, for a memorable visit. During her time here, she met with our residents and staff, engaging in meaningful conversations and answering some interesting questions posed by our residents.

It was a wonderful experience for those who attended, and we are grateful for her time and attention to The Benjamin!

We look forward to more opportunities to welcome such special guests and share these moments with you in the future.

## Resident Needs for Fall and Holidays

As summer draws to a close and we prepare for the fall and holiday season, there are a few important updates we would like to share with you. We are currently compiling a list of items that some of our residents will need, including clothes and gifts. More information will be provided in the upcoming months, so please stay tuned for how you can contribute and make a difference.

## Rehab Corner: Success Story

We are pleased to share a recent rehab success story with one of our long-term residents. At the time of his evaluation, he was weak, with poor balance and only able to walk approximately 50 feet with assistance from the physical therapist. At the time of his discharge from rehab, he was strong enough to walk unlimited distances inside and outside of the building as well as regaining the ability to climb 4 flights of stairs. He was able to be successfully discharged from our facility and is now living in his own apartment in the community.
